

Herbalife Nutrition Scientists and Experts to Present Research at Upcoming Global Nutrition and Health Conferences

October 15, 2019

LOS ANGELES--(BUSINESS WIRE)--Oct. 15, 2019-- [Herbalife Nutrition](#) (NYSE: HLF), a premier global nutrition company, today announced that leaders and experts from its staff of more than 300 scientists, Ph.D.'s, and advisors, will participate at upcoming scientific conferences worldwide. Presentations will cover a broad range of nutrition-related topics, including antioxidants for healthy aging and the co-existence of micronutrient deficiency in obesity.

"It's an honor to have members of our scientific team present to leading researchers, organizations and institutions around the world," said Dr. Kent Bradley, vice president, Medical Affairs and Nutrition Education, Herbalife Nutrition. "As a Company, our mission is to provide solutions to global issues like battling the many aspects of malnutrition and rising healthcare costs, so we're enthusiastic about sharing our research that influences our rigorous product development."

Herbalife Nutrition experts will present at the following events:

Symposium on Carbohydrate, Glycemic Index and Health, Universidad Tecnológica de Guadalajara, Guadalajara, Mexico—October 15

- Mario Alberto Molás Ramírez, M.D, and Marien Garza, M.S., R.D., Herbalife Nutrition Advisory Board and Dietetic Advisory Board members, respectively, will participate in a roundtable discussion on food supplements, which will be moderated by Carolina Chevallier, M.Sc., senior manager of Scientific Affairs, for Herbalife Nutrition's South and Central America region.
- Herbalife Nutrition will co-sponsor the event along with the Cámara de la Industria Alimentaria de Jalisco Laboratory (the Laboratory of Chamber of Food Industry from Jalisco).
