

Herbalife Nutrition Announces Final Results of Self-Tender Offer

August 17, 2020

LOS ANGELES--(BUSINESS WIRE)--Aug. 17, 2020-- Herbalife Nutrition Ltd. (NYSE: HLF) ("Herbalife Nutrition" or "the Company") announced today the final results of its "modified Dutch auction" self-tender offer, which expired at 5:00 P.M., New York City time, on Tuesday, August 11, 2020, to purchase up to an aggregate of \$750 million of the Company's common shares at a cash purchase price not greater than \$50.00 nor less than \$44.75 for each share tendered.

Based on the final count by Computershare Trust Company, N.A., the Depository for the tender offer, a total of 36,810,968 common shares of the Company were properly tendered and not properly withdrawn at or below the price of \$48.75 per share.

Because the tender offer was oversubscribed, the Company purchased only a prorated portion of the common shares properly tendered by each tendering shareholder (other than "odd lot" holders whose shares were purchased on a priority basis) at the final per share cash purchase price of \$48.75. Based on the final tender count, and taking into consideration the effect of odd lot priority on the proration factor, the final proration factor for the tender offer was approximately 41.79% of the shares properly tendered at or below the cash purchase price of \$48.75 per share.

Accordingly, the Company accepted for purchase 15,384,615 common shares of the Company at a cash purchase price of \$48.75 per share, for a total cash cost of approximately \$750 million, excluding fees and expenses relating to the tender offer. These common shares represent approximately 11.6% of the Company's total outstanding shares as of August 14, 2020. The Depository will promptly pay for the shares accepted for purchase and promptly return all shares tendered and not accepted for purchase.

The Company funded the share purchase in the tender offer from existing cash on hand.
