

Herbalife Nutrition and The Herbalife Nutrition Foundation Donate More Than \$3 Million to Help Eradicate Hunger Around the Globe

February 16, 2021

LOS ANGELES--(BUSINESS WIRE)--Feb. 16, 2021-- Premier global nutrition company, Herbalife Nutrition, is celebrating the success of its Nutrition for Zero Hunger initiative. This ongoing initiative is aimed at eradicating hunger and to date the company and the Herbalife Nutrition Foundation have donated more than \$3 million in financial aid and in-kind gifts.

According to the Food and Agricultural Organization, one in three people in the world suffer from some form of malnutrition. Nutrition for Zero Hunger aims to improve as many communities as possible through healthy nutrition and education by funding leading global organizations, including Feed the Children and The Hunger Project, among others.

"We know what it takes to eradicate hunger and have the ability to do so. The real question is whether we have the will to do so. Working with our incredible and dedicated partner organizations, we are committed to doing our part to eradicate hunger and have been able to reach communities all around the world. There is still much to do and we are not giving up until we bring hunger to zero," said Alan Hoffman, Executive Vice President for Corporate Affairs at Herbalife Nutrition.

While Nutrition for Zero Hunger aligns with the United Nations Sustainable Development Goal 2 – Zero Hunger, which seeks to end hunger in all its forms by 2030 and achieve food security and improved nutrition worldwide, here is what the initiative, together with its partners, has accomplished to date:
