Information Concerning Solicitation and Voting

Place, Time and Date of Meeting. This Proxy Statement is being furnished to the Company's shareholders in connection with the solicitation of proxies on behalf of our Board of Directors for use at the Meeting to be held on Thursday, April 25, 2013, at 9:00 a.m., Pacific Daylight Time, and at any subsequent adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual General Meeting of Shareholders. The Meeting will be held at the Beverly Hilton Hotel, 9876 Wilshire Boulevard, Beverly Hills, California 90210. Our telephone number is (213) 745-0500.

Internet Availability of Proxy Materials. Under rules adopted by the U.S. Securities and Exchange Commission, or the SEC, we are furnishing proxy materials to our shareholders primarily via the Internet, instead of mailing printed copies of those materials to each shareholder. On or about March 20, 2013, we intend to mail to our shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials, including our Proxy Statement and our Annual Report.

Record Date and Voting Securities. Only shareholders of record at the close of business on March 6, 2013, or the Record Date, or duly authorized proxy holders of such shareholders of record, are entitled to notice of and to vote at the Meeting. The Company has one series of Common Shares outstanding. As of the Record Date [###,###,###] Common Shares were issued and outstanding and held of record by [###] registered holders.

Voting. Each shareholder is entitled to one vote for each Common Share held on the Record Date on all matters submitted for consideration at the Meeting. A quorum, representing the holders of not less than a majority of the issued and outstanding Common Shares entitled to vote at the Meeting, must be present in person or by proxy at the Meeting for the transaction of business. Common Shares that reflect abstentions are treated as Common Shares that are present and entitled to vote for the purposes of establishing a quorum and for purposes of determining the outcome of any matter submitted to the shareholders for a vote. However, abstentions do not constitute a vote "for" or "against" any matter and thus will be disregarded in the calculation of a plurality.

"Broker non-votes" are Common Shares held in "street name" through a broker or other nominee over which the broker or nominee lacks discretionary power to vote and for which the broker or nominee has not received specific voting instructions. Thus, if you do not give your broker or nominee specific instructions, your Common Shares may not be voted on certain matters. Common Shares that reflect "broker non-votes" are treated as Common Shares that are present and entitled to vote for the purposes of establishing a quorum. However, for the purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those Common Shares will be treated as not present and not entitled to vote with respect to that matter, even though those Common Shares are considered present and entitled to vote for the purposes of establishing a quorum and may be entitled to vote on other matters.

If you are a beneficial shareholder and your broker or nominee holds your Common Shares in its name, the broker or nominee is permitted to vote your Common Shares on matters such as the ratification of the appointment of independent registered public accountants, even if the broker or nominee does not receive voting instructions from you.

Directors are elected by a plurality, and the three nominees who receive the most votes will be elected. Abstentions and "broker non-votes" will not affect the outcome of the election. The proposal to implement the annual election of directors requires a change to the Company's Amended and Restated Memorandum and Articles of Association and therefore is required to be passed as a Special Resolution under the Companies Law (2012 Revision) and, as such, must receive the affirmative vote of not less than 66.67% of the Common Shares present or represented by proxy and entitled to vote, in order to be approved. In respect of all other proposals, to be approved, any such proposal must receive the affirmative vote of a majority of the Common Shares present or represented by proxy and entitled to vote. In determining the outcome of such proposals, abstentions have the effect of a negative vote. "Broker non-votes" will not affect the outcome of any such proposals.

Majority Vote Policy. Pursuant to our Principles of Corporate Governance, any current member of our Board of Directors that is a nominee in an uncontested election who does not receive a majority of votes cast "for" his or her election is required to tender his or her resignation promptly following the failure to receive the

Table of Contents

required vote. The Nominating and Corporate Governance Committee of the Board is then be required to make a recommendation to the Board as to whether the Board should accept the resignation, and the Board would be required to decide whether to accept the resignation and to disclose its decision-making process.

The results of the advisory vote on the Company's executive compensation are not binding on the Board of Directors.

Revocability of Proxies. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by either (a) delivering to the Corporate Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, (b) granting a subsequent proxy through the Internet or telephone or (c) if you are a shareholder at the Record Date, by attending the Meeting and voting in person.

Proxy Solicitation. The Company has retained MacKenzie Partners, Inc. to aid in the solicitation of proxies and to verify certain records related to the solicitation. The Company has paid MacKenzie Partners, Inc. a retainer of \$40,000 toward a final fee to be mutually agreed upon based upon customary fees for the Services provided, and will reimburse MacKenzie Partners, Inc. for its reasonable out-of-pocket expenses.

Proxies may be solicited by certain of our directors, officers, and regular employees, without additional compensation, in person, by telephone, facsimile, or electronic mail. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of Common Shares.

Meeting Attendance. Only shareholders of record as of March 6, 2013, authorized proxy holders of such shareholders, and invited guests of the Board may attend the Meeting.

If you are a shareholder of record, in order to be admitted to the meeting, you will need to produce picture identification (such as a valid driver's license or passport) as well as copy of a form of proxy or voting instruction form or a Notice showing your name and address. If you are an authorized proxy holder of a shareholder of record, in order to attend the meeting, you will need both an admission ticket and picture identification (such as a valid driver's license or passport). To obtain an admission ticket to the Meeting, please send your written request to Assistant Corporate Secretary, Herbalife International of America, Inc., 800 W. Olympic Boulevard, Suite 406, Los Angeles, California 90015. Your request must be received on or before April 19, 2013 and include a copy of a form of proxy or voting instruction form confirming your appointment as a proxy holder. In your request, please include the address where your admission ticket should be mailed, and any special assistance needs. The Board requests that persons attending the Meeting observe a professional business dress code.

Meaning of Shareholder of Record. You will only be a shareholder of record if your name is recorded on the Company's register of members. If your name is not recorded on the Company's register of members, any shares you hold in the Company will be held beneficially. In this case you may still be entitled to direct the holder of your shares as to who should be appointed as proxy in respect of those shares and/or as to how to vote those shares on your behalf. If your shares are held beneficially and you wish to attend and vote at the meeting in person, you will need to attend as a proxy holder of the shareholder of record and observe the requirements set out herein for the lodgement of proxies.

Shareholders who have purchased their shares on an exchange may hold those shares through a depository, in which case they will be beneficial shareholders and will not be shareholders of record. If you hold your shares in "street name" you will not be a shareholder of record.

If you wish to enquire as to whether or not you are a shareholder of record, please contact our Assistant Corporate Secretary at our principal executive offices at c/o Herbalife International of America, Inc., 800 W. Olympic Boulevard, Suite 406, Los Angeles, California 90015.

Additional Information. This Proxy Statement contains summaries of certain documents, but you are urged to read the documents themselves for the complete information. The summaries are qualified in their entirety by reference to the complete text of the document. In the event that any of the terms, conditions or other provisions of any such document is inconsistent with or contrary to the description or terms in this Proxy Statement, such document will control. Each of these documents, as well as those documents referenced in this Proxy Statement as being available in print upon request, are available upon request to the Company by following the procedures described under "Additional Information — Annual Report, Financial and Additional Information."

**PROPOSAL 1:
THE ELECTION OF DIRECTORS**

Generally

Our Amended and Restated Memorandum and Articles of Association, or the Memorandum and Articles of Association, presently provide for not less than one nor more than fifteen directors. The Board of Directors has, by resolution, presently fixed the number of directors at nine. The Memorandum and Articles of Association divide the Board of Directors into three classes, with the terms of office of each class of directors currently ending in different years. Currently the Board consists of four directors in Class I, two in Class II and three in Class III. The current terms of office of Class III directors end at the Meeting. The current terms of office of Class I and Class II directors end at the annual general meetings in 2014 and 2015, respectively.

Our Board of Directors has resolved that, immediately prior to the Meeting, the Board be expanded to eleven directors, with four directors in Class I, four directors in Class II and three directors in Class III. This expansion will result in two vacancies in Class II. The Board has nominated each of Jonathan Christodoro and Keith Cozza for election as Class II directors to serve two-year terms expiring at the 2015 annual general meeting. The Board has nominated each of Leroy T. Barnes, Jr., Richard P. Birmingham and Jeffrey T. Dunn for election as Class III directors to serve three-year terms expiring at the 2016 annual general meeting. Messrs. Christodoro and Cozza were recommended for nomination by a Company shareholder. The Company did not receive any shareholder nominations for director.

The persons named as proxies on the accompanying proxy card intend to vote the Common Shares as to which they are granted authority to vote for the election of the nominees listed above. The form of proxy card does not permit shareholders to vote for a greater number of nominees than three. Although the Board of Directors does not know of any reason why any nominee will be unavailable for election, in the event any nominee should be unavailable at the time of the Meeting, the proxies may be voted for a substitute nominee as selected by the Board of Directors.

Director Qualifications

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes that there are certain attributes that every director should possess, as reflected in the Board's membership criteria discussed below. Accordingly, the Board and the nominating and corporate governance committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The nominating and corporate governance committee is responsible for developing and recommending Board membership criteria to the Board for approval. The criteria, which are set forth in the Company's Principles of Corporate Governance, are available on the Company's website, www.herbalife.com, by following the links through "Investor Relations" to "Corporate Governance," and include business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities, and the absence of potential conflicts with the Company's interests. In addition, the nominating and corporate governance committee periodically evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. The nominating and corporate governance committee seeks a variety of occupational, educational, and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enhance the diversity of the Board in such areas as professional experience, geography, race, gender, ethnicity and age. While the nominating and corporate governance committee does not have a formal policy with respect to diversity, the nominating and corporate governance committee

[Table of Contents](#)

believes that it is essential that Board members represent diverse viewpoints. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time and to assess effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the nominating and corporate governance committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective Board.

In evaluating director candidates, and considering incumbent directors for renomination to the Board, the nominating and corporate governance committee has considered a variety of factors. These include each nominee's independence, financial literacy, personal and professional accomplishments and experience, each in light of the composition of the Board as a whole and the needs of the Company in general, and for incumbent directors, past performance on the Board. The process undertaken by the nominating and corporate governance committee in recommending qualified director candidates is described below under "The Board of Directors — Board Committees — Nominating and Corporate Governance Committee."

[Table of Contents](#)

The table below sets forth information about the five nominees and the directors whose terms of office continue beyond the Meeting including each such person's specific experience, qualifications, attributes and skills that led our Board of Directors to conclude that such nominee/director should serve on our Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" JONATHAN CHRISTODORO, KEITH COZZA, LEROY T. BARNES, JR., RICHARD P. BIRMINGHAM AND JEFFREY T. DUNN.

THE BOARD OF DIRECTORS

Director Independence

Our Board of Directors has affirmatively determined that each of Messrs. Barnes, Bermingham, Murray H. Dashe, Dunn and Levitt and Mmes. Black and Nicholasis or was independent under section 303A.02 of the New York Stock Exchange, or the NYSE, Listed Company Manual and the Company's Categorical Standards of Independence, which are included as part of our Principles of Corporate Governance that are available on our website at www.herbalife.com by following the links through "Investor Relations" to "Corporate Governance." The NYSE's independence guidelines and the Company's Categorical Standards include a series of objective tests, such as the person is not an employee of the Company and has not engaged in various types of business dealings involving the Company which would prevent the person from being an independent director. The Board of Directors has affirmatively determined that none of the foregoing directors had any relationship with the Company that would classify him or her as not independent. Murray H. Dashe was a member of our Board through April 26, 2012, and declined to stand for reelection at our 2012 Annual Meeting of Shareholders for personal reasons.

Board Meetings

The Board of Directors met seven times during 2012. All Board members attended at least 75% of the aggregate number of Board meetings and applicable committee meetings held while such individuals were serving on such committees. Each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including attending meetings of the shareholders of the Company, the Board of Directors and committees of which he or she is a member. All current members of the Board attended the 2012 Annual Meeting.

It is the policy of the Board of Directors to hold four regularly scheduled meetings, each of which include an executive session of non-management directors without the presence of management as well as a session of only the independent directors. Additional meetings of the Board of Directors, executive sessions of non-management directors and sessions of independent directors may be held from time to time as required or determined to be necessary.

Board Leadership

Currently Mr. Johnson serves as our Chairman and CEO. The Board has determined that a board leadership structure featuring a single leader as Chairman and CEO combined with a Lead Director best serves the interests of the Company and its shareholders. Combining the roles of Chairman and CEO makes clear that the individual serving in these roles has primary responsibility for managing the Company's business, under the oversight and review of the Board. Under this structure, the Chairman and CEO chairs Board meetings, where the Board discusses strategic and business issues. The Board believes that this approach is appropriate because the CEO is the individual with primary responsibility for implementing the Company's strategy, directing the work of other executive officers and leading implementation of the Company's strategic plans as approved by the Board. This structure results in a single leader being directly accountable to the Board and, through the Board, to shareholders, and enables the CEO to act as the key link between the Board and other members of management.

In addition, the Board believes this structure is appropriate for the Company as the CEO is the person most knowledgeable about the Company and its business and is therefore the individual best able to provide guidance for productive Board meetings. The unique nature of the Company's direct selling business model requires that the Chairman and CEO forge a close relationship with, and obtain and maintain the trust of, the Company's independent distributors.

Because the Board also believes that strong, independent Board leadership is a critical aspect of effective corporate governance, the Board has established the position of Lead Director. The Lead Director is an independent director elected for a two year term by the independent directors. The Lead Director chairs the Board meetings during all executive sessions and when the Chairman and CEO is unable to participate in Board meetings, and is a contact point for shareholders and third parties who may desire to contact the Board

independently of the Chairman and CEO. Mr. Bermingham served as Lead Director during 2012 and until February 24, 2013. Mr. Levitt was appointed Lead Director effective February 24, 2013. The responsibilities of the Lead Director include:

- setting the agenda for and leading the regularly-held non-management and independent director sessions, and briefing the Chairman and CEO on any issues arising from those sessions;
- coordinating the activities of the independent directors;
- presiding at meetings of the Board at which the Chairman and CEO is not present, including executive sessions of the independent directors;
- acting as the principal liaison to the Chairman and CEO for the views and any concerns and issues of the independent directors;
- advising on the flow of information sent to the Board, and reviewing the agenda, materials and schedule for Board meetings;
- being available for consultation and communication with major shareholders, as appropriate;
- maintaining close contact with the chairperson of each standing committee; and
- performing other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities.

The Board believes that a single leader serving as Chairman and CEO, together with an experienced and engaged Lead Director, is the most appropriate leadership structure for the Board at this time. The Board periodically reviews the structure of Board and Company leadership as part of the succession planning process.

The Board's Role in Risk Oversight

The full Board of Directors has the ultimate responsibility for risk oversight regarding the Company. The Board oversees a Company-wide approach to risk management, designed to enhance shareholder value and to support the achievement of strategic objectives and to improve long-term organizational performance. The first aspect of the Board's approach to risk management is to determine the appropriate level of risk for the Company generally, followed by an assessment of the specific risks the Company faces and the steps management is taking to manage those risks. The full Board's involvement in setting the Company's business strategy facilitates those assessments, culminating in the development of a strategic plan that reflects the Board's and management's consensus as to appropriate levels of risk as to specific aspects of the Company's business and the appropriate measures to manage those risks. Additionally, the full Board of Directors participates in a periodic enterprise risk management assessment during its quarterly meetings. In this process, risk is assessed throughout the business, focusing on risks arising out of various aspects of the Company's strategic plan and its implementation, including financial, legal/compliance, operational/strategic and compensation risks. The Board also assesses its role in risk oversight throughout our business. In addition to the discussion of risk with the full Board at least once a year, the independent directors discuss risk management during executive sessions without management present with the Lead Director presiding.

While the full Board of Directors has the ultimate oversight responsibility for the risk management process, various Board committees also have responsibility for risk management in certain areas. In particular, the audit committee focuses on financial risk, including internal controls, and assesses the Company's risk profile with the Company's internal auditors. The internal controls risk profile drives the internal audit plan for the coming year. The audit committee also handles violations of the Company's Code of Ethics and related corporate policies. Finally, the compensation committee periodically reviews compensation practices and policies to confirm that they do not encourage excessive risk taking. Management regularly reports on each such risk to the relevant committee or the full Board, as appropriate, and additional review or reporting on enterprise risks is conducted as needed or as requested by the Board or the relevant committee.

Specifically, each non-management director is encouraged to hold Common Shares and/or vested equity awards with a value equal to five times such director's annual retainer within two years of such director's appointment or election to the Board of Directors. As of the date of this Proxy Statement, each of Mme. Nicholas and Messrs. Bermingham, Levitt and Tartol is compliant with these guidelines, Mme. Black is still in her initial two-year period, and Messrs. Barnes, Cardoso and Dunn are still working towards compliance.

Table of Contents

Committees of the Board

Our Board of Directors has a standing audit committee, nominating and corporate governance committee, and compensation committee.

Audit Committee

From January 1, 2012 through April 26, 2012, the audit committee consisted of Messrs. Barnes, Birmingham, Dashe and Levitt. Since April 27, 2012, the audit committee has consisted of Messrs. Barnes, Birmingham and Levitt. Each director who served on the audit committee in 2012 is or was independent as discussed above under “— Director Independence.” As required by Rule 303A.07 of the NYSE Listed Company Manual, the Board of Directors has affirmatively determined that each of Messrs. Barnes, Birmingham, Dashe and Levitt is or was financially literate, and that Mr. Birmingham is an “audit committee financial expert,” as defined in Item 407(d)(5) of Regulation S-K. Mr. Barnes currently serves on the audit committee of three public companies in addition to that of the Company. As required by Rule 303A.07 of the NYSE Listed Company Manual, the Board of Directors has affirmatively determined that Mr. Barnes’ simultaneous services on the audit committee of more than three public companies would not impair his ability to effectively serve on the Company’s audit committee.

The principal duties of the audit committee are as follows:

- to monitor the integrity of the Company’s financial reporting process and systems of internal controls regarding finance, accounting and reporting;
- to monitor the independence and performance of the Company’s independent auditors and internal auditing department; and
- to provide an avenue of communication among the independent auditors, management, the internal auditing department and the Board of Directors.

Our Board of Directors has adopted a written charter for the audit committee which is available on the Company’s website at www.herbalife.com by following the links through “Investor Relations” to “Corporate Governance,” and in print to any shareholder who requests it as set forth under “Additional Information — Annual Report, Financial and Additional Information.” In 2012, the audit committee met four times.

Nominating and Corporate Governance Committee

During 2012, the nominating and corporate governance committee consisted of Mme. Nicholas and Messrs. Barnes and Dunn. Each director who served on the nominating and corporate governance committee in 2012 is independent as discussed above under “— Director Independence.” The principal duties of the nominating and corporate governance committee are as follows:

- to recommend to the Board of Directors proposed nominees for election to the Board of Directors both at annual general meetings and to fill vacancies that occur between annual general meetings; and
- to review and make recommendations to the Board of Directors regarding the Company’s corporate governance matters and practices.

In identifying candidates to serve on the Board, the nominating and corporate governance committee first determines the evolving needs of the Board taking into account such factors as it deems appropriate, including, among others, the current composition of the Board of Directors, the range of talents, experiences and skills that would best complement those already represented on the Board of Directors, the balance of management and independent directors and the need for financial or other specialized expertise, as discussed in greater detail above under “Proposal 1: The Election of Directors — Director Qualifications.” Applying these criteria, the nominating and corporate governance committee considers candidates for director suggested by its members and other directors, as well as by management and shareholders. The nominating and corporate governance committee also retains a third-party executive search firm on an ad-hoc basis to identify and review candidates upon request of the committee from time to time.

If the nominating and corporate governance committee decides, on the basis of its preliminary review, to proceed with further consideration, the committee members, as well as other directors as appropriate, interview

Table of Contents

the nominee. After completing this evaluation and interview, the nominating and corporate governance committee makes a recommendation to the full Board of Directors, which makes the final determination whether to nominate the candidate after considering the nominating and corporate governance committee's report.

A shareholder who wishes to recommend a prospective nominee for the Board of Directors pursuant to the provisions of the Memorandum and Articles of Association should notify the Corporate Secretary in writing with the appropriate supporting materials, as more fully described under "Additional Information — Shareholder Nominations."

The Board of Directors has adopted a written charter for the nominating and corporate governance committee, which is available on the Company's website at www.herbalife.com by following the links through "Investor Relations" to "Corporate Governance" or in print to any shareholder who requests it as set forth under "Additional Information — Annual Report, Financial and Additional Information." In 2012, the nominating and corporate governance committee met four times.

Compensation Committee

From January 1, 2012 through April 26, 2012, the compensation committee consisted of Mme. Black and Messrs. Bermingham, Dashe and Dunn. Since April 27, 2012, the compensation committee has consisted of Mme. Black and Messrs. Bermingham and Dunn. Each director who served on the compensation committee in 2012 is independent as discussed above under "— Director Independence." The principal duties of the compensation committee are as follows:

- to oversee and approve compensation policies and programs;
- to review and approve corporate goals and objectives relevant to the compensation of the Company's CEO and other executive officers;
- to evaluate the performance of the CEO and recommend the compensation level of the CEO for approval by the independent members of the Board of Directors;
- to evaluate the performance of certain executive officers and, considering the CEO's recommendations, set the compensation level for such executive officers;
- to administer existing incentive compensation plans and equity-based plans;
- to oversee regulatory compliance with respect to executive compensation matters; and
- to review the compensation of directors.

Our Board of Directors has adopted a written charter for the compensation committee which is available on the Company's website at www.herbalife.com by following the links through "Investor Relations" to "Corporate Governance" or in print to any shareholder who requests it as set forth under "Additional Information — Annual Report, Financial and Additional Information." Among other duties, the compensation committee is responsible for making the initial risk assessment of the Company's compensation programs and determining whether those programs require modification to remain consistent with the Board's determinations as to the levels of risk that are appropriate for the Company. In its assessment, the compensation committee reviewed the Company's compensation structure and noted numerous ways in which risk is potentially mitigated by practices and policies that include: the balanced mix between short-and long-term incentives; the use of multiple performance measures for the CEO's annual incentive awards; strong internal controls; the use of stock ownership guidelines; and the existence of an anti-hedging policy. In light of its analysis, the committee believes that the architecture of the Company's compensation programs provide various safeguards to protect against undue risk-taking. In 2012, the compensation committee met seven times.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended December 31, 2012, Mme. Black and Messrs. Bermingham, Dashe and Dunn served on the compensation committee of the Board of Directors. During the fiscal year ended December 31, 2012, there were no relationships or transactions between the Company and any member of the compensation committee requiring disclosure hereunder.

PROPOSAL 2:

ADVISE AS TO THE COMPANY’S EXECUTIVE COMPENSATION

The Board of Directors of the Company is committed to excellence in governance. As part of that commitment, and as required by Section 14A of the Securities Exchange Act of 1934, as amended, or the Exchange Act, the Board of Directors is providing the Company’s shareholders with an opportunity to provide an advisory vote related to executive compensation.

Our executive compensation program is intended to attract, motivate and retain a talented and high-performing executive team to lead the Company’s success selling food, dietary supplements and personal care products that are regulated at varying levels in the markets where we operate through a direct selling business channel. The Company’s executive compensation program is designed to incent and create long-term growth and enhanced value for shareholders and is simple in design. The vast majority of the compensation of the Company’s named executive officers — the officers identified in the section entitled “Executive Compensation — Compensation Discussion and Analysis,” — is tied to Company operating and share price performance. Volume Point growth, operating income and earnings per share are used to determine executives’ annual incentive compensation. Long term incentives were provided to our named executive officers in 2012 in the form of an annual grant of stock appreciation rights, or SARs, that are subject to service criteria. These awards directly align the long-term interests of our executives with those of our shareholders.

The Board of Directors believes the compensation program for the named executive officers was instrumental in helping the Company achieve strong financial performance in 2012 and over the most recent years. In 2012, the Company posted strong operating results in a challenging economic environment. These included Volume Point growth of 20% and increases in operating income and diluted earnings per share of 18% and 23%, respectively, as reflected below:

\$ Millions (Except Per Share Data)	2006	2007	2008	2009	2010	2011	2012	2012 Growth	5-Year Average Growth
Volume Points	2,434	2,688	2,779	2,838	3,233	3,922	4,720	20%	12%
Operating Income	256.9	313.2	332.3	296.0	387.5	562.3	661.4	18%	18%
Earnings Per Share (Diluted)	0.96	1.32	1.68	1.61	2.37	3.30	4.05	23%	26%

In addition, the management team accomplished major strategic objectives in 2012 that provided significant support for the Company’s continued growth and success, including:

- expanding the global roll-out and distributor acceptance of daily consumption based sales methods;
- increasing the Company’s vertical manufacturing capacity and capability for its key products;
- improving the number and effectiveness of our product access and distribution facilities;
- modernizing our adverse events reporting programs and adopting state-of-the-art cGMPs; and
- launching and executing upon our “build it better” program, resulting in continuous improvement efforts throughout the Company.

Additional information regarding the Company’s compensation program applicable to the named executive officers is described in the “Executive Compensation — Compensation Discussion and Analysis” section of this Proxy Statement and the related tables and narrative disclosure.

For the reasons discussed above, the Board of Directors unanimously recommends that shareholders vote in favor of the following resolution:

“Resolved, that the shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K and described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure, in the proxy statement.”

[Table of Contents](#)

While the resolution is non-binding, the Board of Directors values the opinions that shareholders express in their votes and in any additional dialogue. It will consider the outcome of the vote and those opinions when making future compensation decisions. The next shareholder advisory vote on the Company's executive compensation is expected to occur at the 2014 annual general meeting and the Company currently intends to offer shareholders this advisory vote on an annual basis.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ADVISORY RESOLUTION ON THE COMPANY'S EXECUTIVE COMPENSATION.

PROPOSAL 3:

APPROVE AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED MEMORANDUM AND ARTICLES OF ASSOCIATION TO IMPLEMENT THE ANNUAL ELECTION OF DIRECTORS

The Company's Board of Directors has approved, and is recommending to shareholders for approval at the Meeting, an amendment to the Company's Amended and Restated Memorandum and Articles of Association (the "Memorandum and Articles") to declassify the Board of Directors and provide for the annual election of all directors (the "Declassification Amendment") as described in summary below. The full text of the resolution relating to this proposal is set forth on [Appendix A](#).

Article 89 of the Memorandum and Articles divides the Board of Directors into three classes, with each class serving for a staggered three-year term. If the Declassification Amendment is approved by the Company's shareholders, the class of directors elected at the Company's 2014 annual general meeting will serve for a two-year term, the class of directors elected at the Company's 2015 annual general meeting will serve for a one-year term, and the entire Board will be up for election to a one-year term at the Company's 2016 annual general meeting.

Our Board of Directors is committed to the adoption of prevailing best practices in corporate governance, and has periodically considered the advantages and disadvantages of maintaining a classified board. In the past, the Board of Directors had concluded that a classified board structure was in the best interests of the Company and its shareholders. A classified board structure generally provides continuity and stability of leadership since a majority of directors will have prior experience with, and knowledge of, the Company's business and strategy. A classified board structure may also enhance shareholder value in the event of an unsolicited takeover attempt by providing the Board with additional leverage to negotiate on an arm's length basis with an entity seeking control of the Company. Our Board of Directors, however, recognizes that many investors view classified boards as having the effect of reducing the accountability of directors to shareholders because classified boards limit the ability of shareholders to evaluate and elect all directors on an annual basis. The election of directors is a primary means for shareholders to influence corporate governance policies and hold management accountable for implementing those policies.

Our shareholders are being asked to approve the Declassification Amendment. The affirmative vote of not less than 66.67% of the Common Shares present or represented by proxy and entitled to vote at the Meeting, is required in order for the Declassification Amendment to be approved. If the Declassification Amendment is not approved, the Board of Directors will remain classified and each class will continue to serve for staggered three-year terms.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSED AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED MEMORANDUM AND ARTICLES OF ASSOCIATION TO IMPLEMENT THE ANNUAL ELECTION OF DIRECTOR IN THE MANNER DESCRIBED.

**PROPOSAL 4:
RATIFICATION OF THE APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTANTS**

The audit committee has selected KPMG LLP as the Company's independent registered public accountants for the fiscal year ending December 31, 2013. Services provided to the Company and its subsidiaries by KPMG LLP in fiscal 2011 and 2012 are described under "— Fees to Independent Registered Public Accountants for Fiscal 2011 and 2012." Additional information regarding the audit committee is set forth in the "Audit Committee Report."

The Memorandum and Articles of Association do not require that our shareholders ratify the selection of KPMG LLP as the Company's independent registered public accountants. However, we are requesting ratification because we believe it is a matter of good corporate practice. If the Company's shareholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP, but may, nonetheless, retain KPMG LLP as the Company's independent registered public accountants. Even if the selection is ratified, the Audit Committee in its discretion may change the appointment at any time if it determines that the change would be in the best interests of the Company and its shareholders.

The Company has been advised that representatives of KPMG LLP will be present at the Meeting where they will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

In the event shareholders do not ratify the appointment of KPMG LLP, the appointment will be reconsidered by the audit committee and the Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR FISCAL 2013.

Audit Committee Report

The audit committee is responsible for monitoring our financial auditing, accounting and financial reporting processes and our system of internal controls, and selecting the independent registered public accounting firm on behalf of the Board of Directors. Our management has primary responsibility for our internal controls and reporting process. Our independent registered public accounting firm, KPMG LLP, is responsible for performing an independent audit of our consolidated financial statements and the effectiveness of our internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing an opinion thereon. In this context, the audit committee met regularly and held discussions with management and KPMG LLP. Management represented to the audit committee that the consolidated financial statements for the fiscal year 2012 were prepared in accordance with U.S. generally accepted accounting principles.

The audit committee hereby reports as follows:

- The audit committee has reviewed and discussed the audited consolidated financial statements and accompanying management's discussion and analysis of financial condition and results of operations with our management and KPMG LLP. This discussion included KPMG LLP's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.
- The audit committee also discussed with KPMG LLP the matters required to be discussed by the Statements on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.
- KPMG LLP also provided to the audit committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP's communications with the audit committee concerning independence, and the audit committee has dis-

cussed with KPMG LLP the accounting firm's independence. The audit committee also considered whether non-audit services provided by KPMG LLP during the last fiscal year were compatible with maintaining the accounting firm's independence.

Based on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2012, which have been filed with the SEC. The audit committee also selected KPMG LLP to serve as our independent registered public accounting firm for the year ending December 31, 2013.

EXECUTIVE COMPENSATION

This section explains the Company's executive compensation program as it relates to the following "named executive officers" whose compensation information is presented in the tables following this discussion in accordance with SEC rules:

Michael O. Johnson	Chairman and Chief Executive Officer
Desmond Walsh	President
Richard P. Goudis	Chief Operating Officer
Brett R. Chapman	Chief Legal Officer and Corporate Secretary
John G. DeSimone	Chief Financial Officer

2012 Performance Highlights

In 2012, the Company reported strong operating results in a challenging global economic environment. These included Volume Point growth of 20% and increases in operating income and diluted earnings per share of 18% and 23%, respectively, as reflected below:

\$ Millions (Except Per Share Data)	2006	2007	2008	2009	2010	2011	2012	2012 Growth	5-Year Average Growth
Volume Points	2,434	2,688	2,779	2,838	3,233	3,922	4,720	20%	12%
Operating Income	256.9	313.2	332.3	296.0	387.5	562.3	661.4	18%	18%
Earnings Per Share (Diluted)	0.96	1.32	1.68	1.61	2.37	3.30	4.05	23%	26%

At our 2012 annual general meeting, our shareholders expressed strong support for our executive compensation program, with over 91.7% of votes cast in favor of the advisory vote proposal. When designing our 2012 executive compensation program, the Committee considered, among other things, the 2012 vote results and other feedback we received from shareholders. After careful consideration, the Committee determined not to make any significant changes to the design of our executive compensation program for 2012 as a result of our 2012 advisory vote.

We believe that the Company's financial performance is facilitated by the design of our compensation program. Our program motivates our executives to deliver results against three performance metrics in a manner that ultimately results in the realized growth of shareholder equity value. Our executives have the opportunity to earn annual incentive awards provided that the Company achieves aggressive growth targets in Volume Points, operating income and earnings per share, or EPS. Volume Point growth is a proxy for sales growth, unaffected by fluctuating foreign exchange rates or changes in retail price. Incenting operating income growth ensures that Volume Point growth is achieved on a cost-effective basis and that cost efficiencies and productivity enhancements are achieved throughout the Company. Incenting earnings per share growth ensures that operating income growth is accomplished without inefficient leverage or in a tax-disadvantaged manner. Equity awards — that comprise the most significant income opportunity for our executive officers — directly align our executives' interests in creating enhanced shareholder value with those of our shareholders.

In addition to financial success, the Company achieved key strategic accomplishments in 2012 that provided significant support for the Company's continued growth and success. These include:

- expanding the global roll-out and distributor acceptance of daily consumption based sales methods;
- increasing the Company's vertical manufacturing capacity and capability for its key products;
- improving the number and effectiveness of our product access and distribution facilities;
- increasing the depth of our supply chain management as part of our "seed-to-feed" initiative;
- modernizing our adverse events reporting programs and adopting state-of-the-art cGMPs; and

- launching and executing upon our “build it better” program, resulting in continuous improvement efforts throughout the Company.

Executive Summary

Our executive compensation program is intended to attract, motivate and retain a talented and high-performing executive team to lead the Company’s success selling food, dietary supplements and personal care products that are regulated at varying levels in the markets where we operate through a direct selling business channel. The compensation program is designed to accomplish this in a way that incents and creates long-term growth and enhanced value for our shareholders. The compensation committee of the Board of Directors, or, for purposes of this Compensation Discussion and Analysis, the Committee, has responsibility for establishing, developing and implementing these programs.

Program features

The direct compensation of the Company’s named executive officers in 2012 consisted of base salary, annual cash incentives, and grants of equity in the form of SARs. Due to the proportion of annual cash incentives and SARs, the vast majority of their total compensation is tied to the Company’s financial and share price performance. In setting target compensation, the Committee focuses on the total compensation opportunity for the executive. Although there is no targeted mix of compensation elements, the proportion of compensation designed to be delivered in variable pay versus base salary increases with the ability of the executive to influence overall Company financial results. For 2012, as reflected in the Summary Compensation Table, 84.5% of CEO compensation was provided in the form of annual and long-term incentives that are tied to the Company’s top line performance, operating income results and stock price. For the other NEOs as a group, 77.2% of total compensation was similarly based on performance-based compensation.

Several key operating performance measures that drive our share value — Volume Point growth, operating income and earnings per share — are used in the annual incentive plans for our named executive officers. Each of these measures is more fully described in “Annual Incentive Awards — Targets and Award Determination,” below. Long-term incentives granted in 2012 in the form of SARs provide a direct alignment to long-term shareholder interests.

Things we do

Our executive compensation program is simple in design, and follows guidelines that have repeatedly proven effective in driving profitable growth. These include:

- tying the vast majority of the income opportunity available to our executives to realized growth in shareholder value;
- making annual incentive awards available only to the extent that key performance targets are met that ensure profitable and efficient business growth;
- demanding growth in the relevant annual incentive program metrics relative to the expectations of our investors as well as the prevailing growth rates in the Herbalife Peer Group as a prerequisite to the receipt of any annual incentive award;
- imposing caps on awards payable to each named executive officer under our annual incentive plan;
- imposing an outside limit on amounts payable to all employees collectively under our annual incentive plan equal to 10% of operating income;
- the Committee’s retention and regular consultation with an independent compensation advisor;
- the Committee’s review of current data regarding the Herbalife Peer Group when compensation decisions are made;
- the scheduling of our annual equity grant effective dates during open trading window periods after the Company has disclosed all material information to the investing public;

Table of Contents

- prohibiting hedging and other types of securities transactions intended to lock in gain on share price appreciation; and
- providing limited perquisites that generally reinforce the Company's strategy and culture of supporting healthy lifestyles.

Things we don't do

The Committee is committed to maintaining and adopting prevailing best practices with regard to executive compensation. Further to that commitment:

- the Company does not provide tax gross ups to its named executive officers (other than with respect to benefits payable to Mr. Johnson in the event of a change in control, as provided in his employment agreement);
- our executives have no guaranteed annual incentive award amounts — all annual bonuses require financial performance as established by the Committee;
- we do not re-price or back date equity awards;
- we do not issue equity awards with below market exercise prices;
- we do not spring-load, bullet-dodge or otherwise manipulate the effective date of our annual equity grant program; and
- the Company does not provide supplemental retirement benefits.

Executive Compensation Program Objectives

As a leader in nutritional products sold through a direct selling distribution channel, generating approximately 80% of our net sales outside the United States, we operate in an environment of challenging regulatory, economic and political uncertainty. Our success depends on the leadership of highly-talented, adaptive and dedicated executive team. Our compensation program for the named executive officers provides highly-competitive rewards to executives who contribute to our success in achieving superior growth in revenues, profitability and shareholder returns over time.

The Committee believes that shareholder interests are advanced if the Company assembles, motivates and rewards a high-performing management team. To promote this objective, the Committee was guided by the following underlying principles in developing its executive compensation program:

- The program should be designed to attract and encourage a long-term commitment from the talented executives necessary to lead our global nutrition business in advancing shareholders' interests in a manner consistent with our mission of "changing people's lives."
- Compensation opportunities should be highly competitive with the pay practices of companies that operate in highly regulated, global markets and require similar executive skills and capabilities.
- A meaningful proportion of total compensation should be at risk and tied to achievement of financial performance goals and improvement in shareholder value.
- Incentive compensation should provide superior pay for superior performance that meets or exceeds the expectations of our shareholders.
- Incentive compensation should reflect a balanced time horizon between annual and long-term performance in order to promote sustainable growth in the value of the enterprise.
- Long-term incentives should be provided in Company equity to encourage executives to plan and act with the perspective of shareholders and the Company's Vision, Mission and Values in mind and to reward them for successful implementation of our growth strategies.

Compensation Advisor

The Committee retained Pay Governance, LLC through April 2012 and Exequity, LLP thereafter to assist in evaluating our executive compensation programs and in setting any executive officer's compensation. Both firms are nationally recognized compensation consulting firms. The compensation advisor provides an additional objective perspective as to the reasonableness of our executive compensation programs and practices and their effectiveness in supporting our business and compensation objectives. During 2012, the applicable compensation advisor regularly participated in Committee meetings and advised the Committee with respect to compensation trends and best practices, plan design, competitive pay levels, CEO long-term performance equity grants, individual pay decisions with respect to our named executive officers and other executive officers, and proxy statement disclosure. While our compensation advisor regularly consults with management in performing work requested by the Committee, neither Pay Governance nor Exequity performed any separate services for management.

On February 12, 2013, the Committee considered the following six factors with respect to Pay Governance, LLC and Exequity, LLP: (i) the provision of other services to the Company by Pay Governance, LLC or Exequity, LLP, as applicable; (ii) the amount of fees received from the Company by Pay Governance, LLC or Exequity, LLP, as applicable, as a percentage of the total revenue of Pay Governance, LLC or Exequity, LLP, as applicable; (iii) the policies and procedures of Pay Governance, LLC or Exequity, LLP, as applicable, that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the Pay Governance, LLC or Exequity, LLP consultant, as applicable, with a member of the Committee; (v) any stock of the Company owned by the Pay Governance, LLC or Exequity, LLP consultant, as applicable; and (vi) any business or personal relationship of the Pay Governance, LLC or Exequity, LLP consultant, as applicable, or Pay Governance, LLC or Exequity, LLP, as applicable, with an executive officer of the Company. After considering the foregoing factors, the Committee determined that the work of Pay Governance, LLC and Exequity, LLP with the Committee for fiscal 2012, has not raised any conflict of interest.

Establishing CEO Compensation

The Chair of the Committee, with input from the compensation advisor, recommends the CEO's compensation to the Committee in executive session not attended by the CEO. Once a recommendation has been established by the Committee, the CEO's compensation is reviewed and approved by the independent members of the Board.

Role of Executive Officers in Executive Compensation Decisions

The CEO reviews compensation data gathered from a group of peer companies approved by the Committee and described below under “— Peer Group”, or the Herbalife Peer Group, and general industry compensation surveys, considers each executive officer's performance and makes a recommendation to the Committee on changes to base salary, annual incentive awards and equity awards for each executive officer other than himself. The CEO participates in Committee meetings at the Committee's request to provide background information regarding the Company's strategic objectives and to evaluate the performance of and compensation recommendations for the other executive officers. The Committee utilizes the information provided by the CEO along with input from its compensation advisor and the knowledge and experience of its members in making compensation decisions.

Table of Contents

Purpose of Compensation Elements

The compensation and benefits program for our named executive officers consists of and is designed to achieve the following:

Direct Pay Component	Purpose
Base Salary	Provide a competitive foundation for total compensation to each executive in consideration of his job scope, demonstrated sustained performance, capabilities and experience
Annual Cash Incentives	Focus and reward executives for achievement of challenging annual financial and other operating objectives that drive growth in shareholder value
Long-term Incentives (time and performance-based SARs)	Incentive for executives to make decisions that will enhance shareholder value, rewards executives with participation in the creation of long-term shareholder value and encourages successful executives to remain with the Company
Indirect Pay (Benefits)	
Executive Medical & Wellness	Promote a healthy lifestyle among our executives through an annual health screening evaluation and an allowance for purchase of physical conditioning equipment, services and related resources
Financial Planning	Encourage executives to engage knowledgeable experts to assist with personal financial and tax planning, which we believe facilitates greater focus on their Company duties
Retirement Benefits	Encourage executives to build retirement resources by providing a match on deferred compensation in the Company's 401(k) plan and Senior Executive Deferred Compensation Plan
Insurance Benefits (Life and Disability)	Provide a competitive benefit in the event of death or disability of an executive
Severance Benefits	Enable executives to focus his full time and attention on meeting the financial and operating objectives set by the Committee without fear of the financial consequences of an unexpected termination of employment
Change in Control Benefits	Enable executives to focus on shareholder interests when considering strategic alternatives

Base Salaries

The Committee reviews base salaries of the named executive officers annually. Mr. DeSimone's base salary was increased by \$25,000 effective February 2012 to bring his salary more in line with the median salary of comparable officers among the Herbalife Peer Group. The salaries of all of our named executive officers were otherwise frozen in 2012, but were adjusted in mid-January 2012 to directly offset a reduction in the Executive Medical Reimbursement prerequisite that had been historically provided to them but had been eliminated due to a change in tax regulations.

<u>Executive</u>	<u>2012 Salary</u>

Annual Incentive Awards & Long Term Incentive Program

General

Target annual incentive compensation, and equity grant value, are set as a percentage of base salary. In setting target annual and long-term incentive compensation levels, the Committee focuses on the total compensation opportunity for each executive. Variations in compensation among our executive officers reflect differences in the scope and complexity of the functions they oversee, the contribution of those functions to our overall performance, their experience and capabilities, and individual performance. Although there is no targeted mix of compensation elements, the proportion of compensation designed to be delivered in variable pay vs. base salary increases with the ability of the executive to influence overall Company results. We also monitor the compensation practices of our peers to obtain a general understanding of competitive compensation practices and target metrics. Please refer to the discussion below under “— Peer Group” for a more detailed discussion of our use of peer group and general industry compensation data.

Annual Incentive Awards

Our annual cash incentive plan is designed to motivate and reward the achievement of financial and operating goals that drive value creation for our shareholders. The Committee establishes performance criteria and goals for our incentive plan each year that are aligned with public investor expectations and that are competitive with those of the Herbalife Peer Group. The performance measures used for each named executive officer are based on the executive’s primary area of focus and the executive’s ability to affect the Company’s results. The criteria used for 2012 match those used in 2011, 2010 and 2009 and consist of targeted Earnings Per Share, or EPS, which the Committee believes is an important measure of shareholder value creation that aligns the interest of our executives with the expectations of our investors, year-over-year Volume Point growth, serving as a proxy for sales growth, and targeted Operating Income.

In addition to setting performance targets, the Committee has established two limitations, or guardrails, within the annual incentive plan that can affect the aggregate value of the awards. The first guardrail is the requirement that the aggregate payments made under the annual incentive plan cannot exceed 10% of the Company’s Operating Income for the year. The second guardrail is the requirement that, if performance targets are exceeded, the incremental incentive awards payable to the management team as a whole cannot exceed 20% of the incremental Operating Income achieved in excess of targeted Operating Income.

Mr. Johnson’s target and maximum annual incentive as a percentage of his base salary was negotiated and is set forth in his 2008 employment agreement. The minimum target annual incentive as a percentage of base salary for each of Messrs. Goudis and Chapman was negotiated and is set forth in each of their respective employment agreements. Subject to those limits, target incentives for our executives are set by the Company depending on the employee’s position, scope of responsibilities, ability to influence Company results, and competitive pay practices among the Herbalife Peer Group.

Pursuant to the terms of their employment agreements, the annual incentive awards payable to Messrs. Johnson and Chapman use the same performance metric. Mr. Johnson’s employment agreement also provides for a supplemental annual incentive award payable in the event of the achievement of an alternative performance target, or APT, equal to 25% of his total annual incentive opportunity. The APT incentive allows the Committee a degree of flexibility in incentivizing and rewarding him for the achievement of key strategic, as well as financial, targets. As in 2009, 2010 and 2011, Volume Point growth was used in 2012 to determine Mr. Johnson’s APT incentive in order to encourage a keen focus on the top-line growth valued by our investors.

Table of Contents

A summary of 2012 annual incentive plan performance measures and weightings in calculating annual incentives is presented in the table below.

Executive	Weight in Determining Annual Incentive		
	EPS	Operating Profit	Volume Points
Michael O. Johnson, <i>Chairman and Chief Executive Officer</i>	75%		25%
Desmond Walsh, <i>President</i>		50%	50%
Richard P. Goudis, <i>Chief Operating Officer</i>		50%	50%

John G. DeSimone, <i>Chief Financial Officer</i>	50%	50%	

Targets and Award Determination

Performance targets in the incentive plans are aligned to what we believe to be the expectations of our Board and investors at the time of the annual budget review. Budget figures are built from the “bottom up” based on input from operating regions regarding trends in their respective markets, including the general economic environment, sale and consumption of our products, distributor activity and retention, and the degree of risk in achieving forecasted revenue and expense levels. In setting performance targets, the Committee also considers Wall Street analyst’s financial expectations for the Company and selected companies within the Herbalife Peer Group.

For purposes of our annual incentive plan, the performance measures are defined as follows:

- EPS is the Company’s reported fully-diluted earnings per share calculated according to U.S. Generally Accepted Accounting Principles.
- Volume Points are point values assigned to each of our products for use by the Company to determine a distributor’s sales achievement level. We assign a Volume Point value to a product when it is first introduced into a market and that value is unaffected by subsequent exchange rate and price changes. The specific number of Volume Points assigned to a product, generally consistent across all markets, is based on a Volume Point to suggested retail price ratio for similar products in the market. Volume Points, which are unaffected by exchange rates or price changes, are used by management as a proxy for sales trends because, in general, an increase in Volume Points in a particular geographic region or country indicates an increase in our local currency net sales, while a decrease in Volume Points in a particular geographic region or country indicates a decrease in our local currency net sales.
- Operating Income is the Company’s net sales less expenses, including royalty payments, costs of sales and general operating expenses.

2012 Annual Incentive Plan Performance Targets

	Target	Maximum	Results	Results % of Target
Performance — % of Target	100%	106%		
EPS	\$3.35	\$3.55	\$4.05	121%
Volume Point Growth (%)	9.20	9.75	20.4	222%
Operating Income (millions)	\$583	\$618	\$661	113%

For each of the EPS, Volume Point Growth and Operating Income metrics under our annual incentive plan, our 2012 performance exceeded 106% of target. Accordingly, each named executive officer became entitled to a maximum payout permitted under the applicable plan. The Committee also conducted a quality of earnings assessment of both EPS and Operating Income after factoring in the potential devaluation of the Company’s Venezuelan Bolivars due to the presence of hyperinflation in that market, and determined that our named executive officers had still achieved maximum awards under the annual incentive plan for 2012.

[Table of Contents](#)

Annual incentive awards are payable only if and to the extent EPS, Volume Point growth and/or Operating Income meet and exceed the applicable performance target. Targets are set as part of the annual budget process, and generally require year-over-year growth in line with public investor expectations.

Target-level bonuses are awarded for results between 100% and 102.9% of the applicable target, and bonus awards increase on a prorated basis in steps for results from 103% to 106%. This bonus scale is designed to encourage realistic target setting and prudent risk-taking while simultaneously creating a cap on the potential payout in order to avoid excessive incentive awards as compared to performance. For 2012, annual incentive opportunities as a percentage of base salary were established as follows:

2012 Annual Incentive Opportunities by Executive and Target

Performance Achievement — % of Target		100%	103.0%	103.5%	104.0%	104.5%	105.0%	105.5%	106.0%

Long Term Incentive Awards

The Company's equity grants are intended to align executive officers' interests with the interests of shareholders by incenting our executives to make decisions that will enhance shareholder value while rewarding them with the ability to participate in the share price appreciation they create, thereby enabling us to attract, motivate and retain highly qualified individuals for key leadership positions. The Committee also believes that these long-term incentives foster teamwork among the executives as well as long-term executive decision making that is aligned with the interests of our shareholders. Each year, the Committee determines the form of equity grant. For 2012, the total grant value was made in the form of SARs. SARs provide an opportunity for executives to earn additional compensation only to the extent our share price increases over the share price on the grant date and are less dilutive to our shareholders than stock options, restricted stock units or other full value awards.

To frame our equity grant decisions, immediately prior to the May 2012 targeted grant date, the Committee established guideline grant values for the named executive officers in consideration of individual performance, scope of job responsibilities, prior equity grants and competitive practices using published information regarding the Herbalife Peer Group compiled by Pay Governance. The guidelines are intended to provide highly competitive opportunities, generally in the quartile of competitive practices most closely aligned with the Company's recent financial performance. Using these guidelines, our Chairman and CEO proposed to the Committee equity grants for each of the named executive officers other than himself. At the same time, the Committee, separately and without the involvement of the Chairman and CEO, evaluated and proposed equity grants for the Chairman and CEO to the independent members of the Board of Directors for their approval. For 2012, the Committee determined that the high end of the guideline range should be used for Mr. Johnson in consideration of the exceptionally strong financial performance in the past year. The number of SARs granted is calculated by dividing the grant value by the option value determined in accordance with financial accounting and disclosure rules under ASC Topic 718 "Share Based Payments" using Herbalife's closing share price on the date of grant.

2012 Long Term Incentive Award Guidelines & Awards — Annual Grant Program

<u>Executive</u>	<u>SAR Guideline Aggregate Grant Value</u>	<u>SAR Guideline Award</u>

Desmond J. Walsh	\$ 1,806,000	118,426

John G. DeSimone	\$ 1,212,000	79,475

SARs were granted with an exercise price equal to the closing price of our Common Shares on May 31, 2012, the grant date, when the option fair value was \$15.25 and our closing share price was \$44.79. The SARs awarded to our named executive officers in 2012 vest and become exercisable to the executives based upon continued Company service over three years at the rate of 20% on the first anniversary of the award, 20% on the second anniversary of the award, and 60% on the third anniversary of the award. Vesting the greatest percentage of the award on the third anniversary of the grant date further encourages executive retention. Executives may exercise vested SARs at any time while employed at the Company and for 30 days following termination of employment other than for cause, so long as any such exercise is no later than ten years following the date of grant, at which point in time they expire. At exercise, the gains on SARs are settled by issuing Common Shares.

Additional details of the 2012 equity awards made to our executives can be found in the tabular disclosure below under "— 2012 Grants of Plan-Based Awards."

Equity Award Grant Policy

Annual long term incentive grants of SARs were made to our named executive officers on May 31, 2012 following a meeting of the Committee and the release of the Company's first quarter 2012 earnings. It is the Company's policy to make annual grants to our executive officers as of the third business day following our

Table of Contents

release of quarterly financial results after the 2012 annual shareholder meeting. In 2012 we deferred this grant date to May 31, 2012 due to unexpected market volatility following our annual shareholder meeting. We also follow a monthly grant approval process where awards are authorized for newly-hired employees, certain selected retention situations, and to newly promoted executives other than our executive officers. The policy provides that the exercise price of stock options and SARs granted to executive officers and other employees will be established as the closing share price on the grant date. All equity awards made to our named executive officers and other executives are made pursuant to our equity grant policy, which was approved by the Committee.

Hedging

Company policy prohibits executives from entering into hedging transactions with respect to the Company's common stock.

Stock Ownership Guidelines

The Committee believes that named executive officers should be shareholders and maintain significant holdings of Common Shares. Because a significant portion of each named executive officer's compensation is paid in the form of equity-based incentive compensation awards, the Committee believes that the use of ownership guidelines is an appropriate and beneficial approach to providing additional motivation to act in the long-term best interests of shareholders.

Pursuant to our policy, the CEO is encouraged to acquire and hold Common Shares and/or vested equity awards with an aggregate value equal to five times his base salary. The other named executive officers are encouraged to acquire and hold Common Shares and/or vested equity awards with an aggregate value equal to two times their respective base salaries. As of March 6, 2013, each of Messrs. Johnson, Walsh and Goudis were in compliance with these guidelines and Messrs. Chapman and DeSimone were nearly compliant and progressing towards full compliance. The Committee reviews progress toward these standards annually.

Benefits and Perquisites

The Company's U.S.-based employees, including the named executive officers, participate in a variety of savings, health and welfare and paid time-off benefits typically provided by competitors for the services of the Company's employees. Health and welfare and paid time-off benefits help ensure that Herbalife has a healthy, productive and focused workforce.

In addition, our named executive officers are eligible to participate in the following executive benefits and perquisites that we offer:

- Executive Health Benefits — We value executive health and strive to support a healthy lifestyle among our named executive officers by providing the following health-related benefits:
 - Executive Physical — We provide our executives with an annual health screening evaluation. We have arranged services with the Executive Health Department at UCLA, although this program allows executives to use other qualified medical practitioners for the annual health screening. The services are voluntary and confidential. We provide for a reimbursement of up to \$2,040 annually for each executive under this program.
 - Executive Wellness — We provide a \$2,000 annual benefit to executives for the purchase of fitness training equipment, personal training services and other reasonable products or services that support physical conditioning.
- Financial Planning — We reimburse our named executive officers for financial counseling and tax preparation. Mr. Johnson is eligible for up to \$20,000 in reimbursement, while our remaining named executive officers are eligible for up to \$15,000 in reimbursement. This benefit is intended to encourage executives to engage knowledgeable experts to assist with personal financial and tax planning, which we believe enables executives greater focus on their Company duties.
- Retirement Benefits — Our named executive officers participate in our tax-qualified 401(k) Plan and our Senior Executive Deferred Compensation Plan described in more detail under “— Non-Qualified Deferred

Table of Contents

Compensation Plans.” We maintain these plans for the purposes of providing a competitive benefit, allowing named executive officers an opportunity to defer compensation to encourage our named executive officers to save for retirement. The 401(k) plan provides an employer match on the first 1% of employee deferral at 100%. On the next 5% of employee deferral, the employer match is 50%. The annual maximum employee deferral is \$17,000. Employer matching contributions vest 100% after two years of service.

- Employee Stock Purchase Plan — Our named executive officers are eligible to participate in our broad-based Employee Stock Purchase Plan, or the ESPP. The ESPP generally allows all U.S. based employees and officers to purchase Common Shares through payroll deductions of up to 10% of their annual, eligible compensation up to a maximum of \$25,000 per year. The price of Common Shares purchased under the ESPP is equal to 85% of the fair market value of the Common Shares on the specified purchase date. We maintain the ESPP for the purpose of providing eligible employees of the Company and its subsidiaries with an opportunity to participate in the Company’s success by purchasing the Common Shares through payroll deductions.
- Life Insurance — We provide basic life insurance coverage of 200% of base salary up to a maximum of \$1,000,000 to our executives and up to \$600,000 to all other eligible employees. This is a fully insured benefit. Employees are taxed on their imputed income from this benefit on coverage exceeding \$50,000.
- Long Term Disability — We provide long term disability coverage to all eligible employees in order to provide replacement for lost income due to extended periods of a medical related leave of absence. The benefit after 90 days of disability is 60% of base salary up to a monthly maximum of \$25,000. This is a fully insured benefit plan and is not taxable to the employee.
- Company Purchased Event Tickets — We maintain season tickets at the Staples Center and at the Home Depot Center in Southern California. Like our other employees, our named executive officers have the opportunity to use tickets not otherwise allocated for Company business purposes.

Employment and Severance Agreements

In order to attract highly qualified executives capable of leading the Company, we have previously entered into employment agreements with Mr. Johnson, Chairman and Chief Executive Officer, Mr. Goudis, Chief Operating Officer, and Mr. Chapman, Chief Legal Officer and Corporate Secretary. Those agreements establish the terms and conditions for the employment relationship each executive has with the Company and specifies compensation, executive benefits, severance provisions, change in control provisions, preservation of confidential and proprietary information, non-solicitation, non-disparagement, and other conditions. Only Mr. Johnson’s agreement provides for an excise tax gross-up in the event of the termination of his employment following a change in control of the Company.

The Company has also previously entered into a severance agreement with each of Messrs. Walsh and DeSimone. These agreements contain severance and change in control provisions similar to those found in the employment agreements of Messrs. Goudis and Chapman, as detailed below. Neither agreement provides for an excise tax gross-up.

As a result of these agreements, each of the named executive officers is eligible for certain benefits and payments if his employment terminates for various reasons or as a result of a change in control of the Company. The Company has provided these benefits to the named executive officers to allow them to focus on the value of strategic alternatives to shareholders without concern for the impact on their continued employment, as each of their offices is at heightened risk of turnover in the event of a change in control. Separation benefits include cash payments and other benefits in an amount the Company believes is appropriate, taking into account the time it is expected to take a separated executive to find another job. Separation benefits are intended to ease the consequences to the executive of an unexpected termination of employment. The Company requires a general release with non-compete and non-solicitation provisions in connection with the individual separation agreements.

We consider it likely that it will take more time for higher-level employees to find new employment commensurate with their prior experience, and therefore senior management generally are paid severance for a longer period. Additional payments may be approved by the Committee in some circumstances as a result of negotiation

Table of Contents

with executives, especially where the Company desires particular non-disparagement, cooperation with litigation, non-competition and non-solicitation terms.

The employment agreement for each of Messrs. Johnson, Goudis and Chapman and the severance agreement for each of Messrs. Walsh and Mr. DeSimone specifically details various provisions for benefits and cash payments in the event of a separation. Generally, these agreements provide for certain benefits upon death, disability, resignation by the executive with good reason or termination by the Company without cause. They also provide for the acceleration of unvested equity awards in connection with a change in control.

The employment agreements and equity compensation awards granted to Messrs. Johnson, Goudis and Chapman contain change in control and termination provisions. In general, these arrangements provide for benefits upon a termination of such executive's employment in connection with a change in control. These arrangements are intended to preserve morale and productivity and encourage retention in the face of the disruptive impact of a change in control of the Company. Based on a competitive analysis of the severance and change in control arrangements maintained by the corporations in the Herbalife Peer Group, the Committee believes that these benefits are customary among the Herbalife Peer Group for executives in similar positions as these three executives.

Please refer to the discussion below under “— Potential Payments Upon Termination or Change in Control” for a more detailed discussion of our severance and change in control arrangements.

Peer Group

We believe that it is appropriate to offer cash and equity compensation to our senior executives in amounts sufficient for us to attract, assemble and maintain a highly performing management team. To help us in our evaluation of compensation, Pay Governance analyzed publicly available information, including proxy data, as well as recent market trends and certain compensation surveys. Our level of compensation for our executive officers was compared to compensation paid by the Herbalife Peer Group. The criteria used to identify the Herbalife Peer Group were: (1) industry — we compete for talent with those highly regulated consumer product companies and general industry companies of similar size; (2) business complexity — Herbalife operates in 88 countries around the world in a highly regulated business where approximately 80% of its net sales are generated outside of the United States; (3) financial scope — our management talent should be similar to that of companies of a similar size in terms of revenues and market capitalization; and (4) geographic location — our compensation packages reflect cost of living in the relevant locales.

Table of Contents

With respect to pay decisions regarding 2012 named executive officer compensation, the industry peer group was comprised of 17 companies. All of the peer companies were within 50% and 200% of Herbalife with respect to annual revenues, market capitalization, or both. The industry peer group median revenue of \$4.0 billion and median market capitalization of \$9.1 billion were comparable to those of Herbalife, particularly after considering Herbalife's revenue and marketing capitalization growth rates. During this period, the Herbalife Peer Group consisted of the following:

Tax Implications

Section 162(m) of the Code

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, limits deductions for certain executive compensation in excess of \$1,000,000 in any fiscal year. Certain types of compensation are deductible only if performance criteria are specified in detail and payments are contingent on stockholder approval of the compensation arrangement. We attempt to structure our compensation arrangements to achieve deductibility under Section 162(m), unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. Further, the application of Section 162(m) is complex and may change with time (with potentially retroactive effect). Cash payments made in 2012 under our Annual Incentive Plan and SAR awards made in 2012 under our Long Term Incentive Plan constitute performance based compensation within the meaning of Section 162(m) and are intended to be deductible. The Committee will continue to monitor issues concerning the deductibility of executive compensation and will take appropriate action if and when it is warranted. Since corporate objectives may not always be consistent with the requirements for full deductibility, the Committee is prepared, if it deems appropriate, to enter into compensation arrangements under which payments may not be deductible under Section 162(m). Thus, deductibility will not be the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation.

Section 280G of the Code

Section 280G of the Code disallows a company's tax deduction for what are defined as "excess parachute payments" and Section 4999 of the Code imposes a 20% excise tax on any person who receives excess parachute payments in connection with a change in control. Mr. Johnson, as part of his employment agreement entered into in March 2008, would be provided with tax gross-up payments in the event any change in control payments that may be payable under his agreement become subject to this excise tax. The Committee believes that the provision of tax gross-up protection is appropriate and necessary for his retention. Please refer to the discussion under "— Potential Payments upon Termination or Change in Control" for more detail on the potential gross-up payments and lost tax deductions. The committee will reconsider the appropriateness of the gross-up for Mr. Johnson upon the negotiation of a new employment agreement, if any.

Compensation Committee Report

The Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on its review and discussion with management, the Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards

We have entered into employment agreements and award agreements with respect to grants made under the 2005 Plan with each of Messrs. Johnson, Goudis and Chapman, certain terms of which are summarized below. A more detailed description of payments that would be due to the named executive officers in connection with certain terminations or a change in control of the Company is set forth under “— Potential Payments Upon Termination or Change in Control.”

Michael O. Johnson. We and one of our subsidiaries, Herbalife International of America, Inc., or Herbalife America, entered into an executive employment agreement with Mr. Johnson effective as of March 27, 2008, or the Johnson Employment Agreement, pursuant to which he serves as the Company’s Chairman and Chief Executive Officer.

Pursuant to the Johnson Employment Agreement, Mr. Johnson currently receives an annual salary of \$1,236,000. Mr. Johnson is also eligible to receive an annual cash bonus with a target bonus level of 150% of his annual base salary and a maximum bonus of 300% of his base salary that may become payable based on the achievement of performance targets that are established annually by the Board of Directors. In addition to his salary and bonus, Mr. Johnson is also entitled to participate in or receive benefits under each benefit plan or arrangement made available to the Company’s senior executives on terms no less favorable than those generally applicable to senior executives of Herbalife America.

On August 4, 2011, Mr. Johnson was granted the 2011 SARs, with the exact number that ultimately vest and become exercisable to be determined by the extent to which the Company meets certain Volume Point performance targets determined by the compensation committee and the average closing price of the Company’s Common Shares during the month of December 2014 reaching \$69.49. If these targets are met, the 2011 SARs will vest and become exercisable on December 31, 2014, subject to Mr. Johnson’s continued employment as an executive officer of the Company through that date. The SARs are also subject to full vesting acceleration upon the occurrence prior to December 31, 2014 of a Change of Control or a termination of Mr. Johnson’s employment by the Company without Cause, by Mr. Johnson for Good Reason or as a result of Mr. Johnson’s death or Disability, each as defined below under “— Potential Payments Upon Termination or Change in Control —Mr. Johnson”; in each case, subject to the achievement by the Company prior to such event (or, with respect to a Change of Control, as a result of such event) of an alternative Volume Point performance target determined by the compensation committee.

Richard Goudis. Mr. Chapman’s Aggregate Balance at Last FYE also include the value of 7,659 restricted units with deferred settlement dates valued using the closing price of a Common Share on the NYSE on December 31, 2012 of \$32.94.

Non-Qualified Deferred Compensation Plans. We maintain the Senior Executive Plan, which is applicable to eligible employees at the rank of Senior Vice President and higher. The Senior Executive Plan was amended and restated effective January 1, 2001.

The Senior Executive Plan is unfunded and benefits are paid from the Company’s general assets, except that the Company has contributed amounts to a “rabbi trust” whose assets will be used to pay benefits if we remain solvent, but can be reached by our creditors if we become insolvent. The Senior Executive Plan allows eligible employees, who are selected by the administrative committee that manages and administers the plan, or the Deferred Compensation Committee, to elect annually to defer up to 75% of their annual base salary and up to 100% of their annual bonus for each calendar year, or the Annual Deferral Amount. We make matching contributions on behalf of each participant in the Senior Executive Plan, which matching contributions are 100% vested at all times.

Effective January 1, 2002, the Senior Executive Plan was amended to provide that the amount of the matching contributions is to be determined by us in our discretion. Effective January 1, 2010, the matching contribution was set to 3.5% of a participant’s annual base salary and has remained 3.5% through 2012.

Each participant in the Senior Executive Plan may determine how his or her Annual Deferral Amount and matching contributions, if any, will be deemed to be invested by choosing among several investment funds or indices designated by the Deferred Compensation Committee. The Senior Executive Plan, however, does not require us to actually acquire or hold any investment fund or other assets to fund the Senior Executive Plan. The entire interest of each participant in the Senior Executive Plan is always fully vested and non-forfeitable.

In connection with a participant’s election to defer an Annual Deferral Amount, the participant may also elect to receive a short-term payout, equal to the Annual Deferral Amount and the matching contributions, if any, attributable thereto plus earnings, and shall be payable two or more years from the first day of the year in which the Annual Deferral Amount is actually deferred. As of January 2004, the Senior Executive Plan was amended to allow for deferral of the short-term payout date if the deferral is made within the time period specified therein. Subject to the short-term payout provision and specified exceptions for unforeseeable financial emergencies, a participant may not withdraw, without incurring a ten percent (10%) withdrawal penalty, all or any portion of his

or her account under the Senior Executive Plan prior to the date that such participant either (1) is determined by the Deferred Compensation Committee to have incurred permanent and total disability or (2) dies or otherwise terminates employment.

Potential Payments Upon Termination or Change in Control

The information below describes certain compensation that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change in control had occurred on December 31, 2012 based upon the closing price of a Common Share on the NYSE on December 31, 2012 of \$32.94, given the named executive officers' compensation and service levels as of such date. In addition to the benefits described below, upon any termination of employment, each of the named executive officers would also be entitled to the amount shown in the column labeled "Aggregate Balance at Last FYE" in the "2012 Non-Qualified Deferred Compensation" table.

As of December 31, 2012, the Company had entered into employment agreements with each of Messrs. Johnson, Goudis and Chapman and a severance agreement with each of Messrs. Walsh and DeSimone, each as described in more detail below. In addition to the employment agreements with Messrs. Johnson, Goudis and Chapman, the Company has also entered into award agreements governing the equity-based compensation awards (including stock options, SARs and RSUs) granted to each of Messrs. Johnson, Goudis and Chapman.

Michael O. Johnson

Pursuant to the Johnson Employment Agreement, upon termination of Mr. Johnson's employment by Herbalife America for Cause, or by Mr. Johnson without Good Reason, each as defined below, Mr. Johnson would be entitled to his then current accrued and unpaid base salary through the effective date of termination as well as 100% of any accrued and unpaid bonus for any years preceding the year of termination, but, not for the year of termination. Mr. Johnson would also be entitled to any rights that may exist in his favor to payment of any amount under any employee benefit plan or arrangement of Herbalife America, other than those set forth in the Johnson Employment Agreement, in accordance with the terms and conditions of any such employee benefit plan or arrangement.

For the term of the Johnson Employment Agreement, we provide a ten-year fixed premium term life insurance policy in the amount of \$10 million. Mr. Johnson designates both the owner and beneficiary of this policy. After the expiration of the term, Mr. Johnson may elect to continue coverage under such policy at his own cost.

If Mr. Johnson dies or if his employment is terminated as a result of his Disability, as defined below, in addition to his accrued benefits, he will be entitled to receive a pro rata bonus payment for the year of termination based on the Company's actual results for the entire year. In addition, following a termination of employment by reason of Mr. Johnson's death or Disability, Mr. Johnson and/or his spouse will be eligible to receive retiree medical benefits until the age of 65 without regard as to whether Mr. Johnson was employed by the Company for at least four years following the effective date of the Johnson Employment Agreement.

Upon termination of Mr. Johnson's employment by Herbalife America without Cause, or by Mr. Johnson for Good Reason, in addition to the benefits described in the preceding paragraph, Mr. Johnson would also be entitled to an additional amount equal to two times the sum of his then-current salary and "bonus level" (defined as two times his then-current salary), which in total as of December 31, 2012 was equal to \$7,416,000, payable in a lump sum due within 60 days of termination. If the effective date of such termination without Cause or resignation for Good Reason occurs during a "trading blackout" or "quiet period" with respect to the Company's Common Shares or if the Company determines, upon the advice of legal counsel, that Mr. Johnson may not trade in the Company's Common Shares on the effective date of such termination due to his possession of material non-public information, and in each case the restriction or prohibition continues for a period of at least twenty consecutive calendar days, Mr. Johnson will be paid an additional lump sum amount equal to \$250,000. Mr. Johnson will also be eligible to receive outplacement services for up to six months paid for by the Company in an amount not to exceed \$20,000. As a precondition to the Company's obligation to pay the amounts described above, Mr. Johnson must execute a general release of claims. In addition, if Mr. Johnson is terminated for any

Table of Contents

reason other than for Cause, Mr. Johnson and his spouse will be entitled to continued medical benefits under a Company-provided medical plan until they reach age 65.

Upon the occurrence of a Change of Control, as defined below, 50% of all unvested stock options, SARs and RSUs granted to Mr. Johnson (other than the 2008 RSUs and the 2011 SARs) shall immediately vest; however, the compensation committee may, in its sole discretion, accelerate the vesting of additional stock options, SARs and RSUs upon the occurrence of a Change of Control. Should Mr. Johnson's employment be terminated for any reason other than for Cause or resignation without Good Reason within the 90-day period preceding a Change of Control or at any time after a Change of Control, then all of his unvested stock options, SARs and RSUs (other than the 2008 RSUs and the 2011 SARs) shall vest as of the effective date of the termination. If Mr. Johnson's employment is terminated as a result of his death or Disability, all unvested stock options, SARs and RSUs (other than the 2008 RSUs and the 2011 SARs) will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs (other than the 2008 RSUs and the 2011 SARs) shall be forfeited upon the termination of Mr. Johnson's employment with the Company.

The 2011 SARs are subject to full vesting acceleration upon the occurrence prior to December 31, 2014 of a Change of Control or a termination of Mr. Johnson's employment by the Company without Cause, by Mr. Johnson for Good Reason or as a result of Mr. Johnson's death or Disability, in each case, subject to the achievement by the Company prior to such event (or, with respect to a Change of Control, as a result of such event) of an alternate Volume Point performance target determined by the Committee.

The Johnson Employment Agreement includes provisions that were initially negotiated in connection with Mr. Johnson's 2003 employment agreement (superceded by the Johnson Employment Agreement) while the Company was privately held. Accordingly, pursuant to both the Johnson Employment Agreement and that superceded 2003 agreement, in the event that Mr. Johnson becomes entitled to payments and/or benefits under the Johnson Employment Agreement that are subject to excise tax pursuant to Section 4999 of the Code, the Company shall pay Mr. Johnson additional amounts so as to bear the full burden of that excise tax.

Desmond Walsh

Pursuant to our severance agreement with Desmond Walsh, or the Walsh Severance Agreement, if Mr. Walsh is terminated by the Company without Cause or resigns for Good Reason, each as defined below, he is entitled to be paid a lump sum amount equal to two times his then-current annual salary, which lump sum amount as of December 31, 2012 was equal to \$1,312,000, in addition to all other accrued but unpaid entitlements. The Company will also provide Mr. Walsh with outplacement services for up to six months by a provider selected and paid for by the Company in an amount not to exceed \$20,000. In the event that Mr. Walsh is qualified for and elects COBRA coverage under the Company's health plans after a termination without Cause or a resignation for Good Reason, the Company will continue to pay its share of the cost of premiums under such plans until Mr. Walsh is reemployed, or for a period of two years, whichever occurs first. If Mr. Walsh is terminated by the Company without Cause, resigns for Good Reason, or retires, dies, or resigns as a result of a disability, he will be entitled to receive a pro rata bonus payment, at such time bonuses are paid to the Company's other senior executives, based on the number of months worked in the applicable year. As a precondition to the Company's obligation to pay the amounts described above, Mr. Walsh must execute a general release of claims.

Upon the occurrence of a Change of Control, as defined below, 100% of all unvested stock options, SARs and RSUs granted to Mr. Walsh shall immediately vest. If Mr. Walsh's employment is terminated as a result of his death or disability, all unvested stock options, SARs and RSUs will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs shall be forfeited upon the termination of Mr. Walsh's employment with the Company.

Richard Goudis

Pursuant to the Goudis Employment Agreement, if Mr. Goudis is terminated by the Company without Cause or resigns for Good Reason, each as defined below, he is entitled to be paid a lump sum amount equal to two times his then-current annual salary, which lump sum amount as of December 31, 2012 was equal to \$1,312,000, in addition to all other accrued but unpaid entitlements. The Company will also provide Mr. Goudis with out-

placement services for up to six months by a provider selected and paid for by the Company in an amount not to exceed \$20,000. In the event that Mr. Goudis is qualified for and elects COBRA coverage under the Company's health plans after a termination without Cause or a resignation for Good Reason, the Company will continue to pay its share of the cost of premiums under such plans until Mr. Goudis is reemployed, or for a period of two years, whichever occurs first. If Mr. Goudis is terminated by the Company without Cause, resigns for Good Reason, or retires, dies, or resigns as a result of a disability, he will be entitled to receive a pro rata bonus payment, at such time bonuses are paid to the Company's other senior executives, based on the number of months worked in the applicable year. As a precondition to the Company's obligation to pay the amounts described above, Mr. Goudis must execute a general release of claims.

Upon the occurrence of a Change of Control, 100% of all unvested stock options, SARs and RSUs granted to Mr. Goudis shall immediately vest. Should Mr. Goudis' employment be terminated for any reason other than for Cause or resignation without Good Reason and at the time of such termination Mr. Michael O. Johnson is no longer serving as the Company's Chief Executive Officer, then 50% of Mr. Goudis's unvested stock options, SARs and RSUs shall vest immediately prior to such termination. If Mr. Goudis's employment is terminated as a result of his death or disability, all unvested stock options, SARs and RSUs will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs shall be forfeited upon the termination of Mr. Goudis's employment with the Company.

Brett R. Chapman

Pursuant to the Chapman Employment Agreement, if Mr. Chapman is terminated by the Company without Cause or resigns for Good Reason, he is entitled to be paid a lump sum amount equal to two times his then-current annual salary, which lump sum amount as of December 31, 2012 was equal to \$1,243,000, in addition to all other accrued but unpaid entitlements. The Company will also provide Mr. Chapman with outplacement services for up to six months by a provider selected and paid for by the Company in an amount not to exceed \$20,000. In the event that Mr. Chapman is qualified for and elects COBRA coverage under the Company's health plans after a termination without Cause or a resignation for Good Reason, the Company will continue to pay its share of the cost of premiums under such plans until Mr. Chapman is reemployed, or for a period of two years, whichever occurs first. If Mr. Chapman is terminated by the Company without Cause, resigns for Good Reason, or retires, dies, or resigns as a result of a disability, he will be entitled to receive a pro rata bonus payment, at such time bonuses are paid to the Company's other senior executives, based on the number of months worked in the applicable year. As a precondition to the Company's obligation to pay the amounts described above, Mr. Chapman must execute a general release of claims.

Upon the occurrence of a Change of Control, as defined below, 100% of all unvested stock options, SARs and RSUs granted to Mr. Chapman shall immediately vest. Should Mr. Chapman's employment be terminated for any reason other than for Cause or resignation without Good Reason and at the time of such termination Mr. Michael O. Johnson is no longer serving as the Company's Chief Executive Officer, then 50% of Mr. Chapman's unvested stock options, SARs and RSUs shall vest immediately prior to such termination. If Mr. Chapman's employment is terminated as a result of his death or disability, all unvested stock options, SARs and RSUs will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs shall be forfeited upon the termination of Mr. Chapman's employment with the Company.

Pursuant to the Audit Committee Charter, any related party transaction in which a director has an interest must be reviewed and approved by the audit committee. The Company's Conflicts of Interest Policy generally prohibits any Company employee from conducting any activity that is or could be construed as a conflict with the Company's interests or as an interference with the employee's duty to serve the Company at all times to the best of his or her ability. Pursuant to that policy, any related party transaction involving employees, including executive officers, must be reviewed and approved by both the Company's legal and internal audit departments.

Registration Rights Agreement

Michael O. Johnson, our Chairman and Chief Executive Officer, is a party to a registration rights agreement with the Company. If we at any time propose to register any Company securities under the Securities Act of 1933, as amended, or the Securities Act, for sale to the public, in certain circumstances, Mr. Johnson, may require us to include his shares in the securities to be covered by the registration statement. Such registration rights are subject to customary limitations specified in the agreement.

Indemnification of Directors and Officers

The Memorandum and Articles of Association provide that, to the fullest extent permitted by the Companies Law (2012 Revision), or the Statute, every director, agent or officer of the Company shall be indemnified out of the assets of the Company against any liability incurred by him as a result of any act or failure to act in carrying out his functions other than such liability (if any) that he may incur by his own willful misconduct. To the fullest extent permitted by the Statute, such director, agent or officer shall not be liable to the Company for any loss or damage in carrying out his functions unless the liability arises through the willful misconduct of such director, agent or officer.

The Company is a Cayman Islands exempted limited liability company. As such, it is governed by the laws of the Cayman Islands with respect to the indemnification provisions. Cayman Islands law does not limit the extent to which a company's articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against civil fraud or the consequences of committing a crime. The Memorandum and Articles of Association provide for indemnification of officers and directors for losses, damages, costs and expenses incurred in their capacities as such, except in the case of (a) any fraud or dishonesty of such director or officer, (b) such director's or officer's conscious, intentional or willful breach of his obligation to act honestly, lawfully and in good faith with a view to the best interests of the Company or (c) any claims or rights of action to recover any gain, personal profit or other advantage to which the director or officer is not legally entitled.

The Company has entered into an indemnification agreement with each of its directors and certain of its officers to supplement the indemnification protection available under the Memorandum and Articles of Association. These indemnity agreements generally provide that the Company will indemnify the parties thereto to the fullest extent permitted by law.

In addition to the indemnification provisions set forth above, the Company maintains insurance policies that indemnify its directors and officers against various liabilities arising under the Securities Act and the Exchange Act that might be incurred by any director or officer in his capacity as such.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to managers, officers or persons controlling us pursuant to the foregoing, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

"Householding" of Proxy Materials.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for certain proxy materials with respect to two or more shareholders sharing the same address by delivering a single set of these proxy materials addressed to those shareholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate set of proxy materials, or if you are receiving multiple copies of the proxy materials and wish to receive only one, please notify your broker if your Common Shares are held in a brokerage account or the Company if you hold Common Shares directly. You can notify the Company by sending a written request to Herbalife Ltd., c/o Herbalife International, Inc., Assistant Corporate Secretary, 800 W. Olympic Blvd., Suite 406, Los Angeles, CA 90015, or by calling the Assistant Corporate Secretary at (213) 745-0500. However, please note that if you want to receive a paper proxy or voting instruction form or other proxy materials with respect to the Meeting, you should follow the instructions to request such materials included in the Notice of Internet Availability of Proxy Materials that was sent to you.

The Company may require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a director of the Company. No person nominated by a shareholder shall be eligible for election as a director of the Company unless nominated in accordance with these procedures.
