HERBALIFE LTD. INCREASES ITS SHARE REPURCHASE
PROGRAM TO \$450 MILLION

LOS ANGELES, August 23, 2007 — Herbalife Ltd. (NYSE: HLF) announced today that the board approved an increase of \$150 million to its previously approved program, raising the total authorized value to \$450 million.

The company has been actively purchasing its common shares in the open market since the initial \$300 million authorization in April 2007. The company disclosed in its most recent Form 10Q, that it had repurchased 3.5 million shares during the 2nd quarter for \$139 million. During the month of August 2007, the company repurchased an additional 1.7 million shares for \$65 million. Since authorization of the share repurchase program on April 17, 2007, the company has repurchased 5.2 million shares for an aggregate of \$204 million, representing approximately 7 percent of the fully diluted share base as of that date.

The company's Chairman and Chief Executive Officer, Michael O. Johnson, said "I remain very bullish on the long-term outlook for our company and Herbalife shares remain significantly undervalued in today's market. We view this buy-back as a highly accretive step to accelerate returns to all shareholders, and therefore, have used excess cash and debt to fund the repurchase."

To finance a portion of the share repurchase program, the company has requested an increase of \$150 million in the revolving credit commitments pursuant to its existing Credit Agreement dated July 21, 2006. Including this increase, the company would have aggregate revolving credit commitments of \$250 million. The company is pursuing this borrowing facility increase on a best efforts basis and expects it to be concluded by September 15, 2007.
